The Municipal Properties Committee met on Thursday January 07, 2016 at 7:35 pm to discuss the upcoming rates for the Cheviot swimming pool. After some discussion, it was agreed that the rates for 2016 would remain the same as the rates from 2015, with the exception of pre-season sale amounts. In an effort to bolster pre-season pass sales, it is the desire of the committee to give the residents of Cheviot and Cheviot businesses the following pre-season discounts (good through June 01, 2016):

| <u>Residents & Businesses</u> | <u>Pre-season Pass</u> |
|-----------------------------------|------------------------|
| Family | \$85.00 |
| Couple | \$60.00 |
| Adult | \$50.00 |
| Youth | \$40.00 |

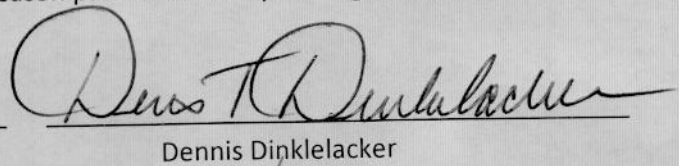

It was further recommended that the businesses of Cheviot will receive the special pre-season amounts for season passes and then regular resident rates beyond June 01st.

It was further agreed that within the ordinance and the pool brochure, that group rates and special events at the pool can be determined by the Recreation Commissioner (currently Harriet Greene). This would be for group sizes of 10 or more.

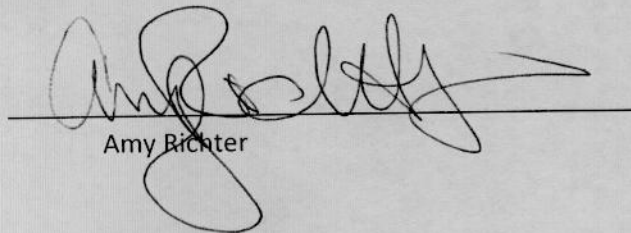

It was also agreed that a marketing campaign would be instituted by council members and the administration to make the public more aware of season passes for the upcoming season.
