Permit fees for athletic fields were discussed. The Committee recommends that athletic field permit fees be raised to \$40.00 in order to cover the cost of paint to line the fields and be competitive with other neighborhoods. The Committee recommends that this permit fee go into effect for 2017. Mark Waters will prepare this legislation to be voted on by Council.

The Committee discussed the proposal of renting Harvest Home Park outdoor shelters to residents only, non-profit groups, and grandfathering previous rentals groups that have been renting for 3 or more years. This motion was not recommended by the Committee and asks the administration to focus on enforcement of the laws already in place. The Committee is open to addressing this issue again if they are provided data on enforcement of current laws taking place at Harvest Home.

The Committee began a discussion on the pool and pool fees for 2017. Ms. Tucker will research community pools similar to Cheviot and report back with data concerning minors and groups. Discussion on the pool will continue at the next Committee meeting. The Committee has requested full financials of the pool for 2016, 2015 and 2014 to review in making decisions for the 2017 season.
