

Parks, Playgrounds and Public Utilities Committee

Meeting Date: June 12th 2019

Meeting took Place: Council Chambers at City Hall

Present: Committee Chair: Amy Richter

Committee Members- Kathleen Zech, RaeJean Hardig, Gail Griffin

Other City Members-David Voss, James Sunderhaus, Mark Waters

Citizens/Public- No one

Meeting began at 7:00pm

Purpose of the Meeting was to discuss the request from the Water Works to agree to the language in the ordinance that the Water Works has with the City of Cincinnati that Mandates that the residence replace their LEAD lines that go to their homes.

President Mark Waters presented information from the Meeting he attended with the Mayor and Law Director and the Representatives from the Cincinnati Water Works.

President Water explained that The City of Cheviot has an agreement with the Water Works from 1987. But the State Law ORC Section 729.06 states that the city has control over the water lines. The State Law trumps the agreement.

If the City of Cheviot would agree to the City of Cincinnati Ordinance they would be turning over their control of the water lines.
