Two cruisers were ordered from Ford in April of 2019. We have received a half dozen or more promises for build dates, none of which have come to fruition. The most recent being Feb of 2020 with no confirmation yet.

Our RMS (Pamet) is currently up and running. Gains have been made to secure most of our reporting information however several months are still lost. Recently Pamet has announced their RMS service will reach end of life in Dec of 2021. Upgrades and support will begin to cease in Dec of 2020. We are currently seeking a replacement RMS at this time and are awaiting compatibility test results due to be released in March of 2020.

Cheviot officers logged 648 hrs of training for the 2019 calendar year.

Beginning on Nov 21, 2018 our Police Department was issued Narcan. This was issued to officers so they or their partners may administer it in the event an officer becomes overtaken by the effects of an opiate/fentanyl. Additionally, officers may administer the drug to overdose victims if that may be done so in a safe environment for all concerned. Officers have administered Narcan 11 times in the calendar year of 2019.
