

Streets and Sidewalks Committee  
December 7, 2021

Committee members in attendance: Daniel Cunningham, Amy Richter, David Voss, and Stephanie Hawk

Other council members in attendance: Councilwoman Hardig, and Councilman Sunderhaus

Other attendees: SSD Tom Braun, Citizen John Hardig

The meeting started around 8pm. The topic of conversation centered around commercial vehicles parking overnight to several days on our city's streets. There was a suggestion to create an ordinance to prevent any parking, other than loading and unloading, from our city streets. The consensus was to not add that ordinance and to enforce our current laws a bit more strictly to prevent commercial vehicles from parking long term on our streets, making it difficult for safe traffic patterns.

The meeting ended at 8:30p.m.
