Winter Months are Coming!!!

As you know, the Public Works Department does a great job plowing the snow during our winter months. For them to do an efficient job on your street, it would be helpful if cars could be parked in the driveway or moved off the street when snow is falling so they can do the job you pay them to do. We want everyone to be safe and happy!

CWCA

The Cheviot Westwood Community Association (CWCA) is made up of business owners, residents, and anyone with interest in the Cheviot/Westwood area. They currently have 74 members and represent 46 businesses. You are welcome to attend their monthly meetings held the third Wed. of the month at 6:30 pm - meeting locations vary, so visit their website at thecwca.com.

Cheviot Quarterly Newsletters

The City has taken the opportunity in 2015 and in this newsletter to keep residents up to date on local news through inserts in the Cincinnati Water Works (CWW) bills. CWW will be changing its billing system this spring and the newsletters will not be included in future bills. However, quarterly Cheviot newsletters will be available on the City's website at www.cheviot.org.

The content of the Cheviot Newsletter is provided for information purposes only. No claim is made as to the accuracy or authenticity of its content. If you have information to share, please email Caroline at cstatkus@cheviot.org.

City Tax Office

We will offer extended hours a couple days in April 2016, along with full-service to those citizens who still like to have the personal assistance of our experienced staff in the tax office located on the second floor of City Hall.

Notes from Cheviot Public School

Our school is proud to announce we are using *The Leader in Me* program as an introduction to personal leadership. All students have the capacity to lead in their own lives and affect those around them by making positive choices. The Leader in Me provides students with activities to help them learn practical character and life skills that will lead to those positive choices. Written to appeal to their age level, students are presented with fun activities designed to get them thinking. This program gives you an opportunity to engage, hands-on, in what the child is learning and will lead to many "teachable moments." Having the child "reteach" the content to a care-giver will give him or her an even deeper understanding and will give both an opportunity to learn together.

This year Cheviot Elementary will participate in the 100 Mile Club Challenge during physical education classes and recess. It is a program created by special education teacher Kara Lubin. She used the dream of becoming a gold medalist to inspire her students. The idea is simple, run 100 miles during the school year and earn a gold medal. There are incentives along the way; lessons in goal setting, determination and team spirit are delivered alongside exercise.

Micro-Loan Program for Businesses

An opportunity for start-ups or existing Cheviot businesses is the micro-loan program being offered through First Financial Bank. This program is aimed at businesses that may not qualify for traditional bank business loans due to loan size or other terms. Loans are available up to $10,000 with an interest rate of 2% above prime with repayment period of 48 months. The application is available at Cheviot City Hall. You can get further information from Ms. Robie K. Suggs, First Vice President at First Financial Bank. Her contact information is: Robie.suggs@bankatfirst.com; phone 513-979-5817.
