Mrs. Rohr was absent from the meeting.

Minutes from the July 21 meeting were approved with a motion by Ms. Borgmann, second by Mr. Borgmann.

Reports of Standing Committees: No reports were submitted

Public Recognition: There was no public recognition on agenda items.

LEGISLATION:

Resolution 26-10 To Authorize The Mayor To Sign The Hamilton County Entitlement Program Corporation Agreement. Introduced by E. Borgmann, second by T. Borgmann. Motion to adopt was made by Mrs. Richter, second by Mr. Petermann. (Adopted by title only, as deadline to submit the resolution was nearing. Law Director Rohr will prepare the resolution for signatures for the August 18 meeting.)

Administrative Reports:

-Mayor Keller opened discussion on the Harvest Home Improvement Master Plan on which a story aired by a local news station. Mrs. Richter interjected that she was upset that her name had been used in the story in relation to the Pickle Ball courts shown in an updated version of the masterplan that had not yet been presented to council for review. Although Mrs. Richter has been a proponent of such courts in the past, she is no longer in favor of them in the light that the soon-to-open Central Station in the business district will feature them.

Mayor Kellor noted that master plan update was recently proposed by President Hawk following the grant submission for the baseball fields and will be first presented to the Harvest Home Steering Committee before any changes to the plan become official.

- Safety Service Director had no report as matters were covered in the mayor's report.
- Law Director Rohr was absent from the meeting and left no report.

Public Recognition On Other Issues: No one from the public asked for recognition.

Old Business: None.

New Business:

- Clerk of Courts - an initiative to create a Civil Court in Cheviot for parking tickets. This court can also be used for the Vacancy and Rental Registries that are currently in progress. The fines and fees that would come from these sections of the building code would be able to be placed onto the property's tax bill vs criminal charges against an individual, making them easier for the city to collect and track.
- Ms. Hawk opened discussion of garbage being placed in and around the recycling containers. A change in the current ordinance would help with make enforcement more effective. Deferred to Mr. Morgan's Special Projects Committee. He called a meeting for August 18 following the regular council meeting.

Treasurer's Report: The June report was received and filed with a motion from E. Borgmann, second by Mr. Petermann

Mayors Court Report: The June report was received and filed with a motion by E. Borgmann, second by Mr. Petermann.

Correspondence:

- A resident emailed asking when the fireworks show had been rescheduled to. That date is November 14.
- A thank you note had been received from a recipient of the Outstanding Young Citizens award.

Announcements:

- Mrs. Richter advised that a grant may be available through WeThrive to help reduce trash disposal costs for businesses. Also, the hazardous waste event may be scheduled for April 2027.

Seeing no further business before this council, Mrs. Richter motioned for adjournment. Mr. Jackson seconded, and the meeting adjourned at 8:51PM.

All motions contained herein carried unanimously unless otherwise noted.
